

Quick Details		Brand Name	
Place of Origin	North Korea	Vendor	Autonics
Model Number	BA2M-D-D-T-D-P	Origin	Autonics (Shanghai) Electronics
Theory	Optical sensor	Output	Switching Transistor
Certificate	ISO9001:2015	Warranty	1 Year
Product name	Autonics PNP infrared diffuse photoelectric sensor	Sensing type	Diffuse reflective type
Sensing distance	2m	Sensing bracket	Opaque, Translucent material
Light source	Infrared (LED/IR)	Response time	Max. 1ms
Power supply	12-24VDC	Operation mode	Dark ON
Autonics BA2M-D-D-T-D-P 2m PNP infrared diffuse photoelectric sensor			

### PRODUCT DESCRIPTION

### PRODUCT DETAILS

### PRODUCT FEATURES

- Long sensing distance up to 2m
- Built-in stability indicator
- Includes sensitivity adjustment function
- 2 color LED display
- IP64 protection structure (IEC standard)

### ORDERING INFORMATION

<b>BA</b>	<b>2</b>	<b>M</b>	<b>-D</b>	<b>D</b>	<b>T</b>	<b>D</b>	<b>-P</b>	Control output	NPN open collector output
								Operation mode	PNP open collector output
								Output	Light ON
								Power supply	Dark ON
								Sensing type	Transistor output
								Sensing distance unit	DC power
								Sensing distance	Diffuse Reflective
								Item	M Unit: m
									Number Sensing distance
									BA Photoelectric sensor series

- 2 color LED display
- IP64 protection structure (IEC standard)
