

## 镜面反射光电传感器

## G20-R1PH

### 技术参数

Technical parameters

### 检测距离

Sensing range 1m

### 输出功能

Output function PNP NO+NC

### 工作电压

Operating voltage 10-30VDC

### 电流负载

Load Current 200mA

### 光源

Emission Infrared(880nm)

### 压降

Voltage drop > 2.5V

### 响应时间

Response time DC<2ms

### 电流消耗

Current consumption DC<15mA

### 指向角

Directional object 3° ...10°

### 检测物体

Detected object Transparent or opaque body

### 工作环境照度

Intensity of illumination of working environment Sunlight under 10000LX,incandescent lamp under 3000LX

### 外壳材料

Housing material ABS

### 环境温度

Ambient temperature -10...65°C

### 外壳防护等级

Protection grade IP54

### 开关状态

Switching status Red LED
